FOREWORD

● THIS IS THE STORY OF THE 1067TH NAVAL CONSTRUCTION BATTALION DETACHMENT IN THE LAST YEARS OF WORLD WAR TWO.

● 1067, ITS OFFICERS AND CREW WAS AN AUTOMOTIVE AND HEAVY CONSTRUCTION EQUIPMENT REPAIR UNIT.

● A SERVICE UNIT BORN TO FOLLOW THE TIDE OF VICTORY REPAIRING AND REBUILDING THE TOOLS OF THE NAVY'S SEABEES.

THE SKIPPER...

LT. CMDR. JAMES S. LAYCOCK

A native of Worcester, Massachusetts by birth. . . . Though for past nineteen years he has resided in Houston, Texas. . . . General Contractor in Houston before entering Service. . . . Served in World War I with 16th U. S. Army Engineer in the European Theatre.

THE EXEC . . .

LT. ALARIC D. JANUARY

Born and resides now in Waco, Texas. . . . Surveyed and constructed Texas State and County Highways before donning the uniform. . . . Bachelor of Science in Civil Engineering, University of Texas. . . . Called for active duty May 4, 1943 at Camp Peary, Virginia. . . . Previous assignments with 108th Seabees, Fleet Marine Force, 22nd Seabees, and Detachment 1059. . . . Holder of Navy Expert Pistol and Rifle medals.

IN OCTOBER *of* 1944 . . .

In October of 1944, the Pacific Forces moved steadily north toward Japan. . . . Pinching off troops, grabbing islands from the Admiralties to the Philippines and the Marianas, ever closer to the Land of the Rising Sun.

With each move, our great fighting forces left behind them the exhausted tools of jungle and island fighting. . . . Bulldozers, Cranes, Draglines, Graders, Trucks, Diesel Generators and the like.

The Jap was desperate and tenacious as he held to each foot of ground. Our assault troops, with no time for repair, moved on and on, harrying the enemy from each new held position.

Equipment was desperately needed . . . more, more equipment. The cry was heard from every field of encounter.

It was to answer this call that Automotive and Heavy Equipment Repair Unit 1067 was born.

On October 14th, 1944, the first 1067 troop marched to morning colors on the parade ground at Camp Parks, California. . . . Here, their first steps along the hard road to Tokyo!

From Camp Parks down the Coast of California to Port Hueneme for shipment to battle zone they went. Seven weeks they stayed at the Port of Embarkation. Seven weeks of intensive military training. . . . They learned to make a field pack, fire the latest of their country's weapons. March, hike, and sweat some more. . . .

Technical Training was meted out . . . hours piles up as more and more of them crammed the vital knowledge away for future use in the field. Supplies and Equipment were assembled for shipment. Then the word was out . . . "the supply ship is in, mate" . . . "it won't be long now." The hulky Liberty was in and loaded and gone. To where . . .? They never even asked that.

Then one rainy morning, they packed their gear . . . kidded a little, wiped away a tear, and walked over a grey gangplank. . . . To where? They never asked that.

A LAST
LOOK AT
HOME...
... THEN
THEY
SAILED
AWAY

THEY
LIVED
LIKE THIS
FOR
SIXTY-FOUR
DAYS . . .

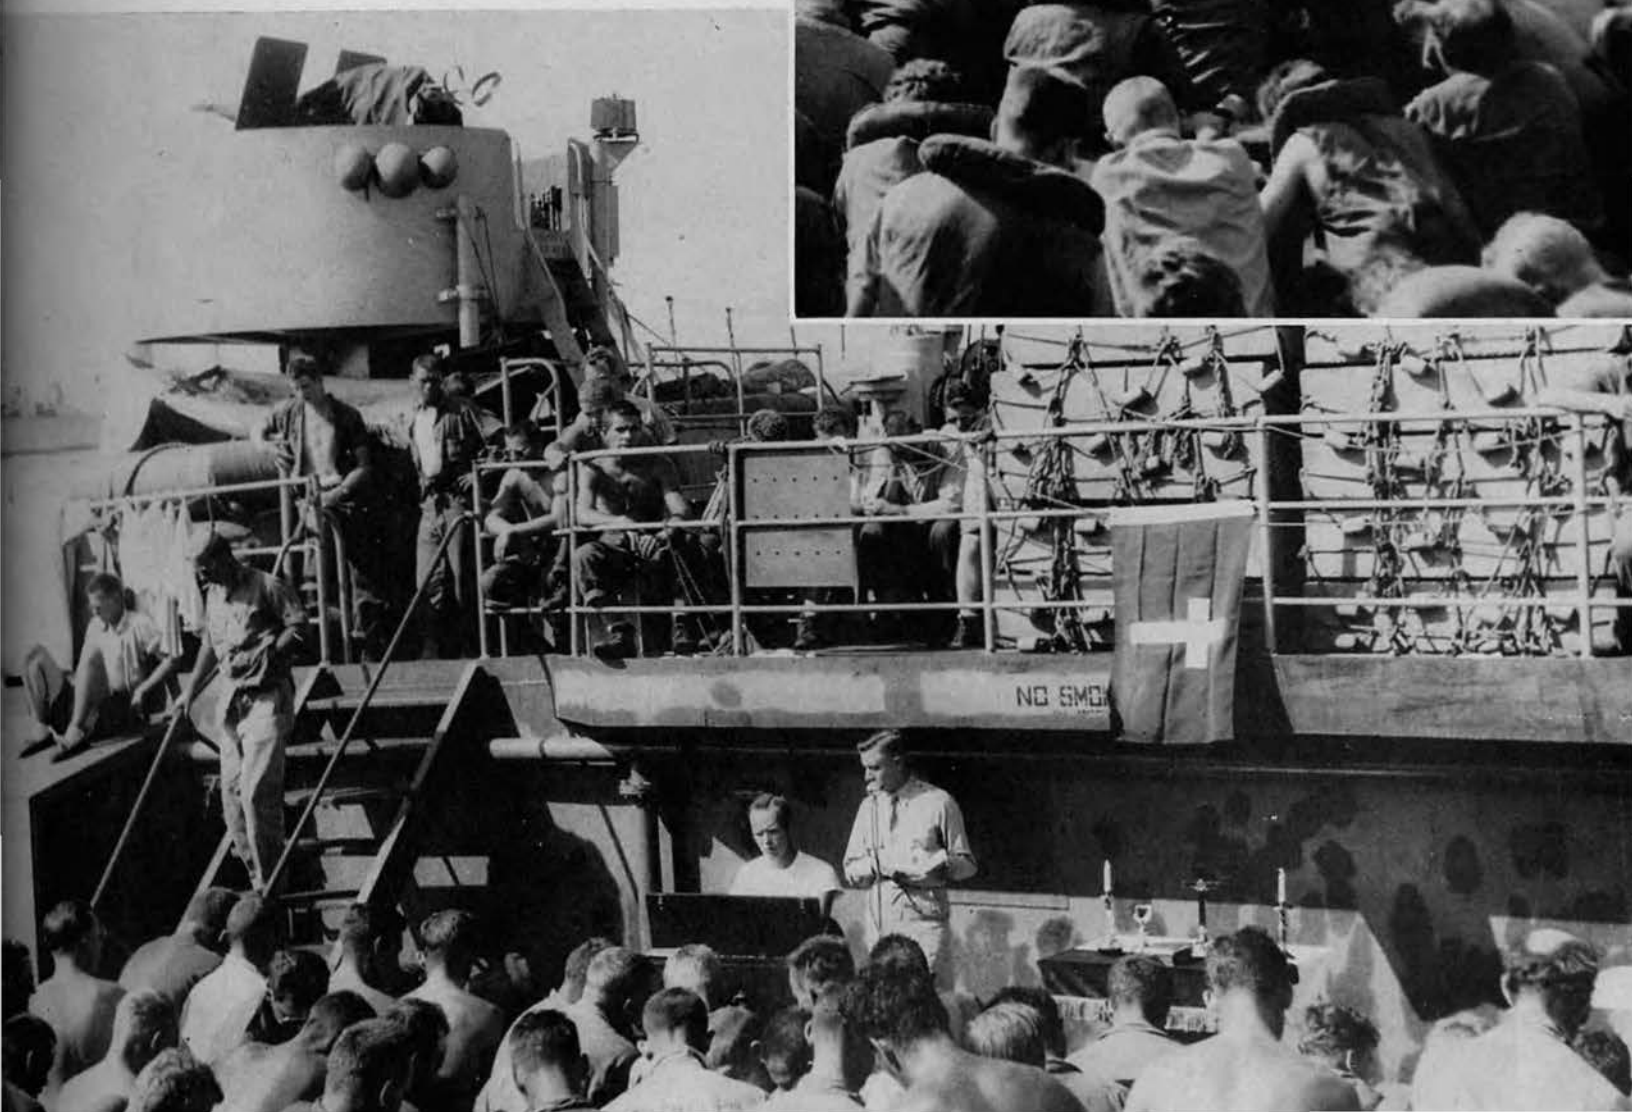

At sea or at home, the American lads were the same . . . while away what time you can.

SERVICES AT SEA...

It made no difference where they lived
. . . in Iowa, Maine or California.
Everyone was at home at times like
this.

Yes it was a long and hungry trip . . . but when they laughed . . . "the world laughed with them!"

Then again the day to set foot on ground! . . . The Philippines! But
what then . . . the first night and the second . . . those pup tents . . .
those land crabs . . . the centipedes.

THEY BUILT THEIR CAMP . . .

ALL HANDS TO WORK . . .
CLEARING, CUTTING DOWN
THE COCOANUT PALMS . . .
MOVING SUPPLIES . . . CORAL
. . . CRATES . . . BOXES . . .
MORE CRATES.

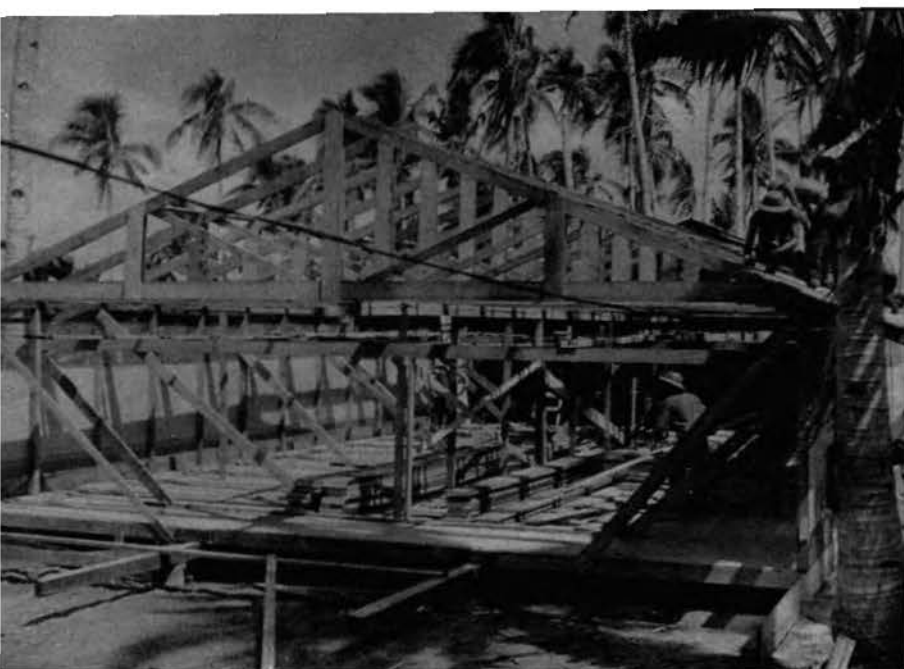

. . . WHERE TO GET A HAMMER
. . . WHERE TO FIND A TRUCK
. . . WHERE DO YOU EAT . . . A
LITTLE SQUARE CALLED K-RA-
TION!

"Old Ugly" here presented a problem . . . but not
for long!

THE MEN HAD TO BE FED.
... OUT OF THE WEATHER.
THE CHOW HALL HAD A-1
PRIORITY.

A sub division of the very latest in Tropical Bungalos was on order too. . . .

CORAL...

ENEMY AND FRIEND . . .

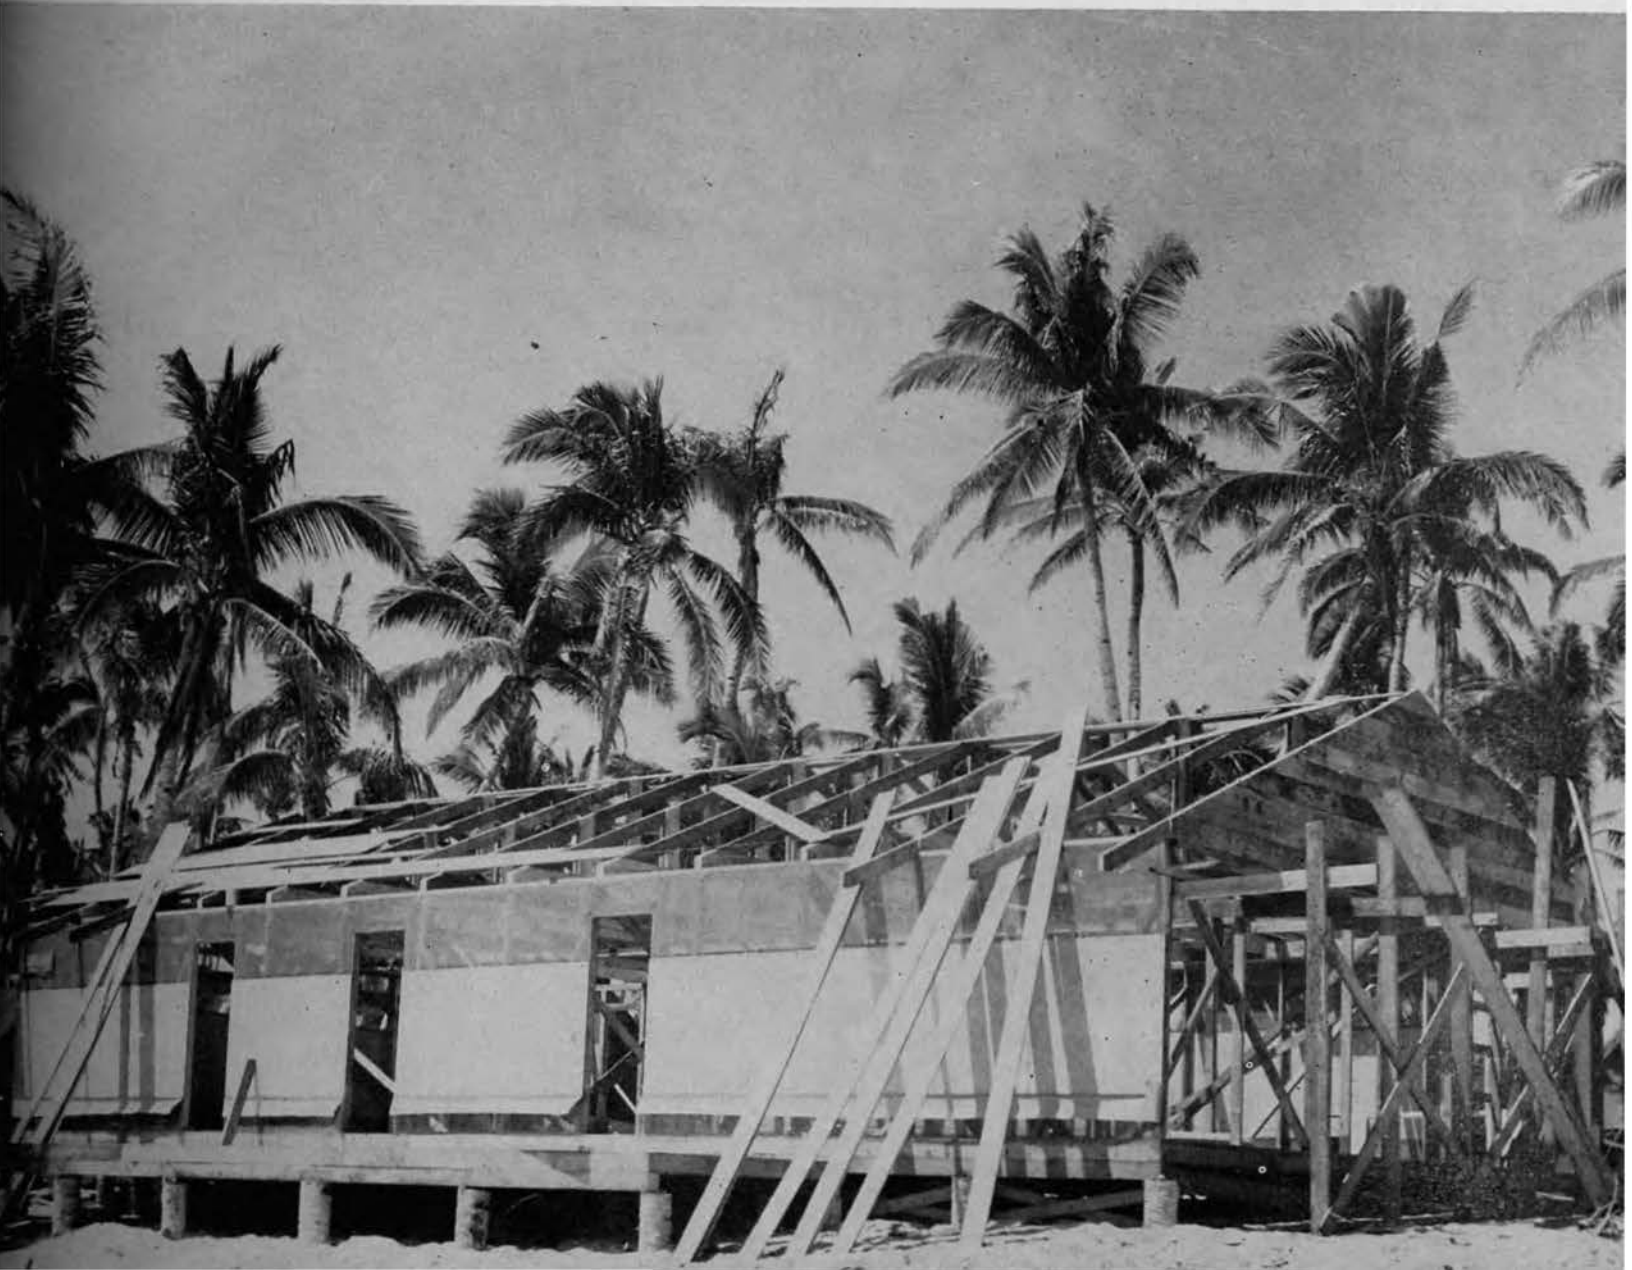

Jackhammers sounding away . . .
day and night . . . "tamp in an-
other stick of dynamite . . . an-
other bit broken . . . no more
caps . . . Yea! here are some . . .
stand clear guys . . . here she
goes!"

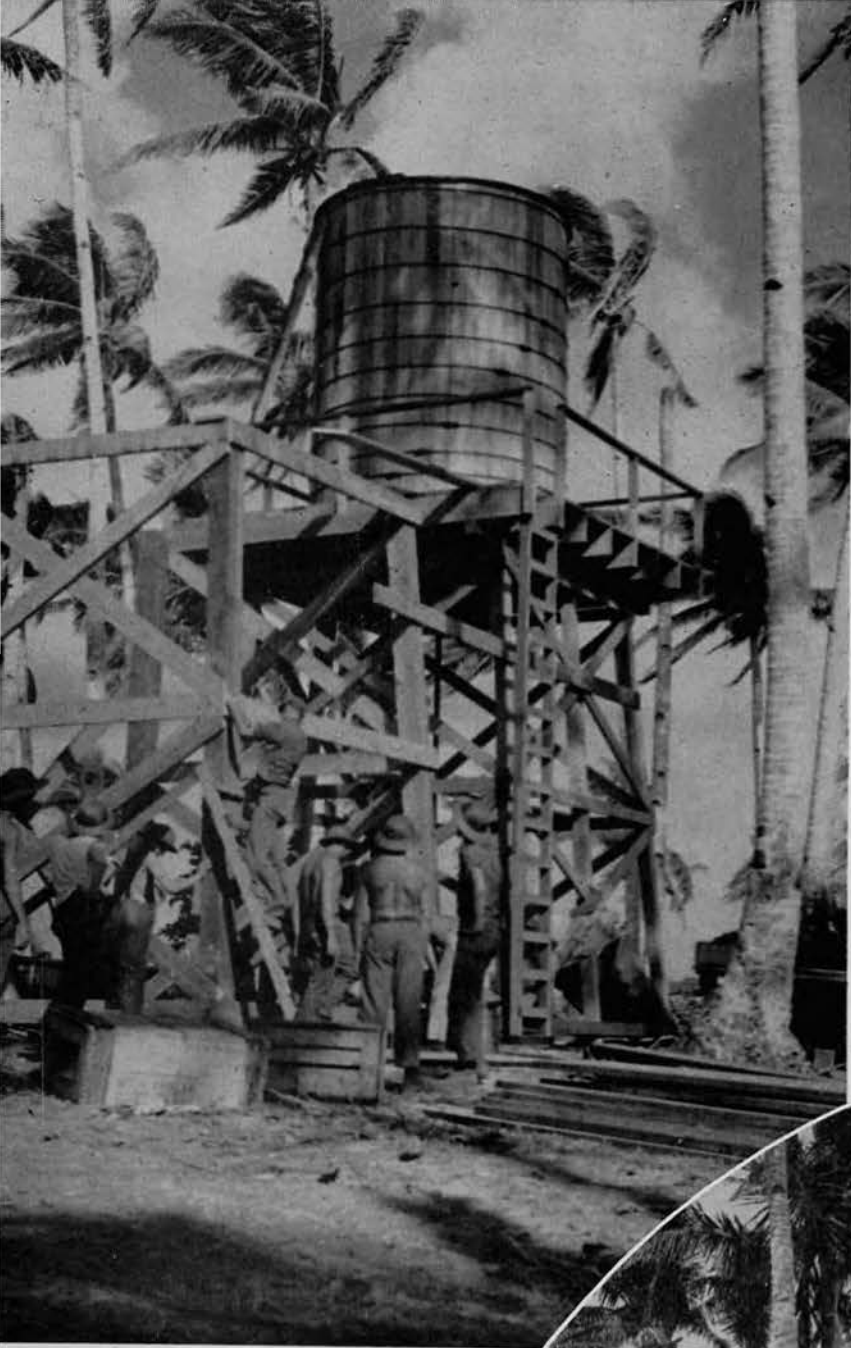

They couldn't live without water . . . they made their own from the sea.

Their Sick-Bay was built to care for the ill and injured.

THE
WATER
THEY MADE
HAD TO BE
STORED . . .

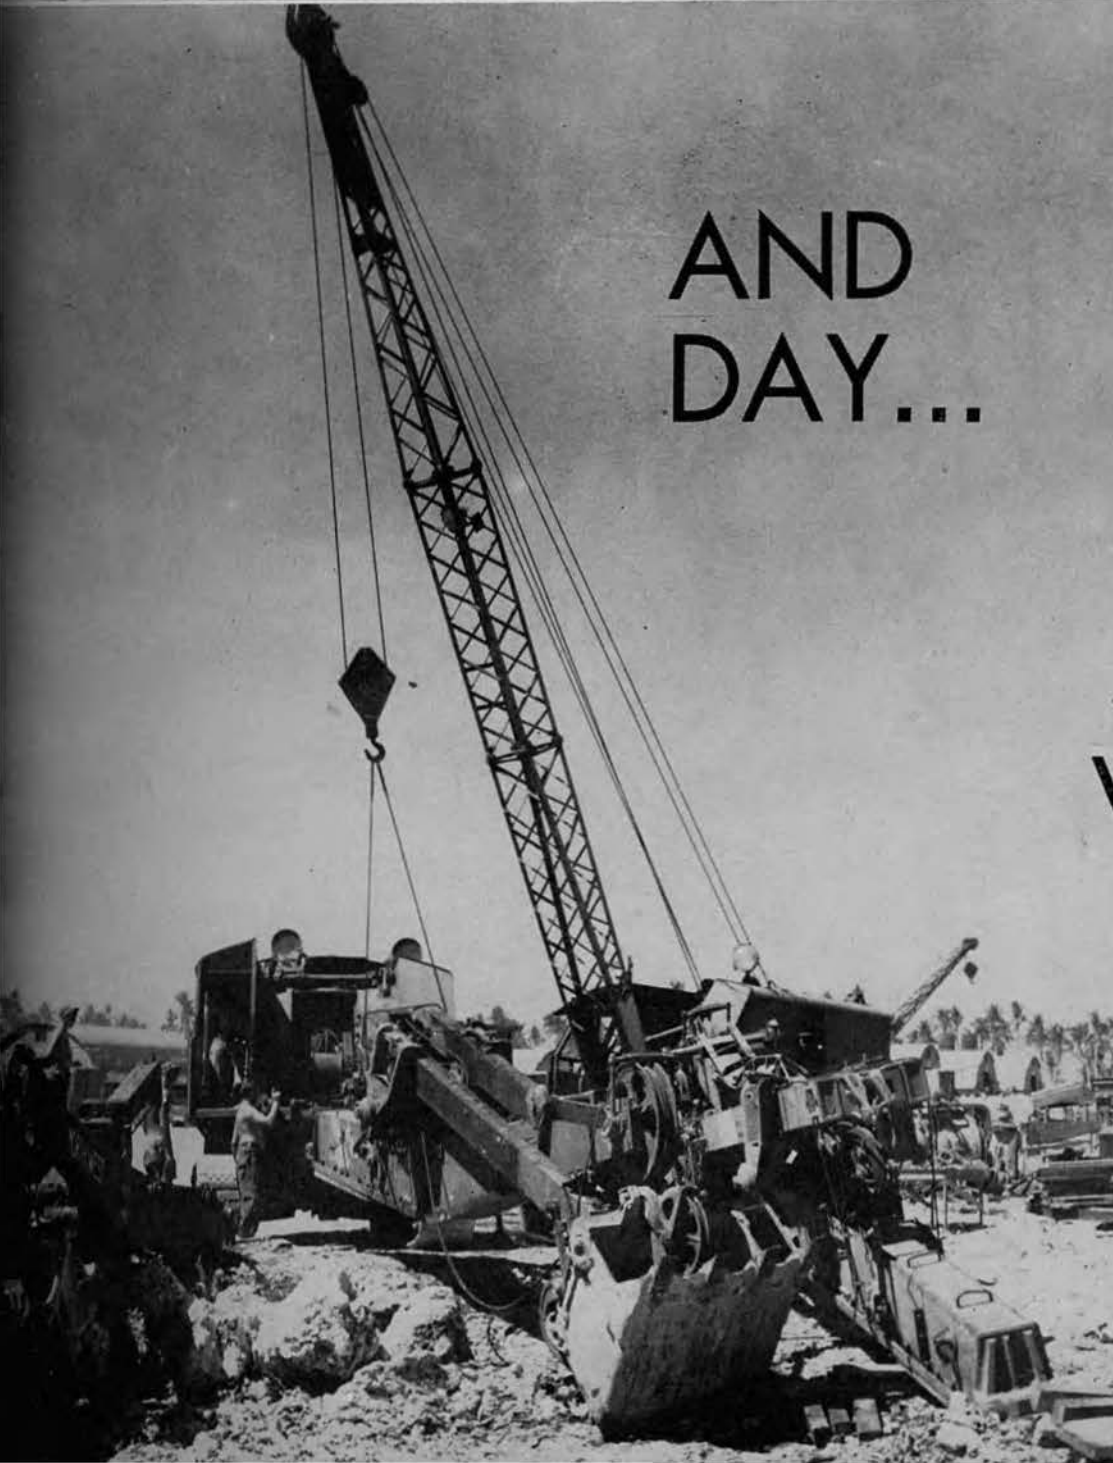

NIGHT

THE WORK

AND
DAY...

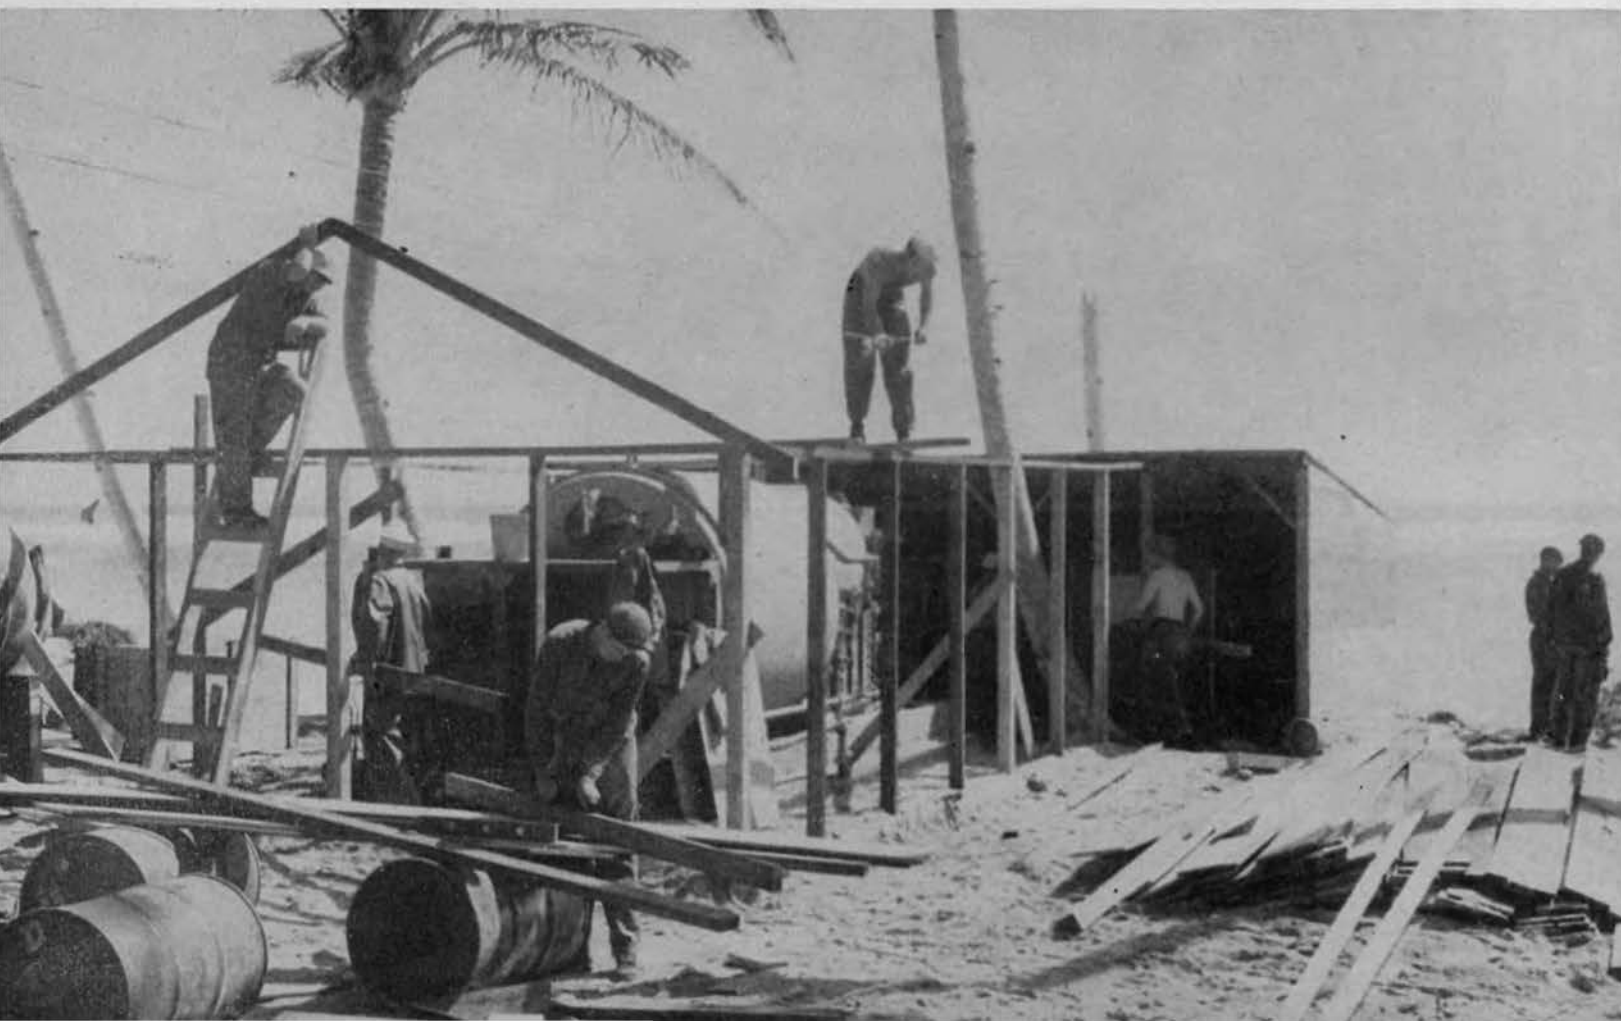

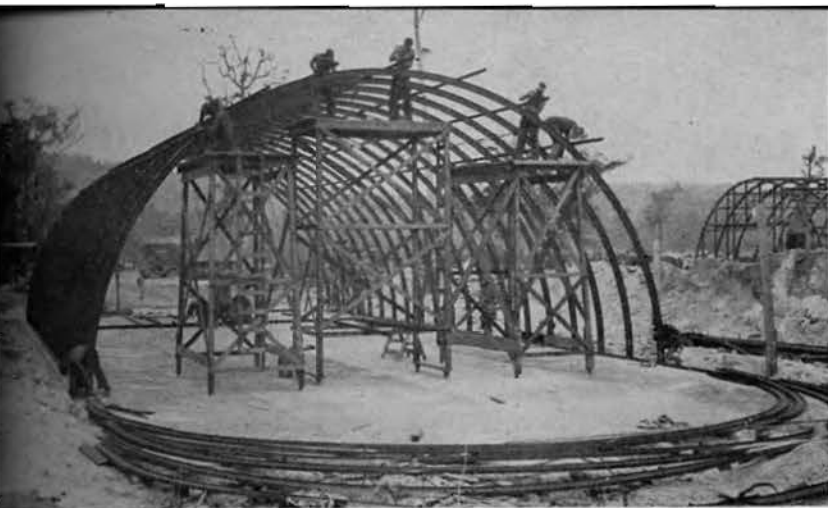

WENT ON

THE CAMP SITE WAS CLEARED. THEY MOVED INTO THEIR HOMES AND BUILT ON TO GET THEIR MACHINERY OUT OF THE WEATHER

NEXT . . . THE SHOPS . . .

Their shops were begun. More nights . . .
more days . . . more cement . . . more steel
. . . more work . . . until they were done.

For they still
called for the
equipment up
front.

THEN . . .
THE
ADMINISTRATION
AREA . . .

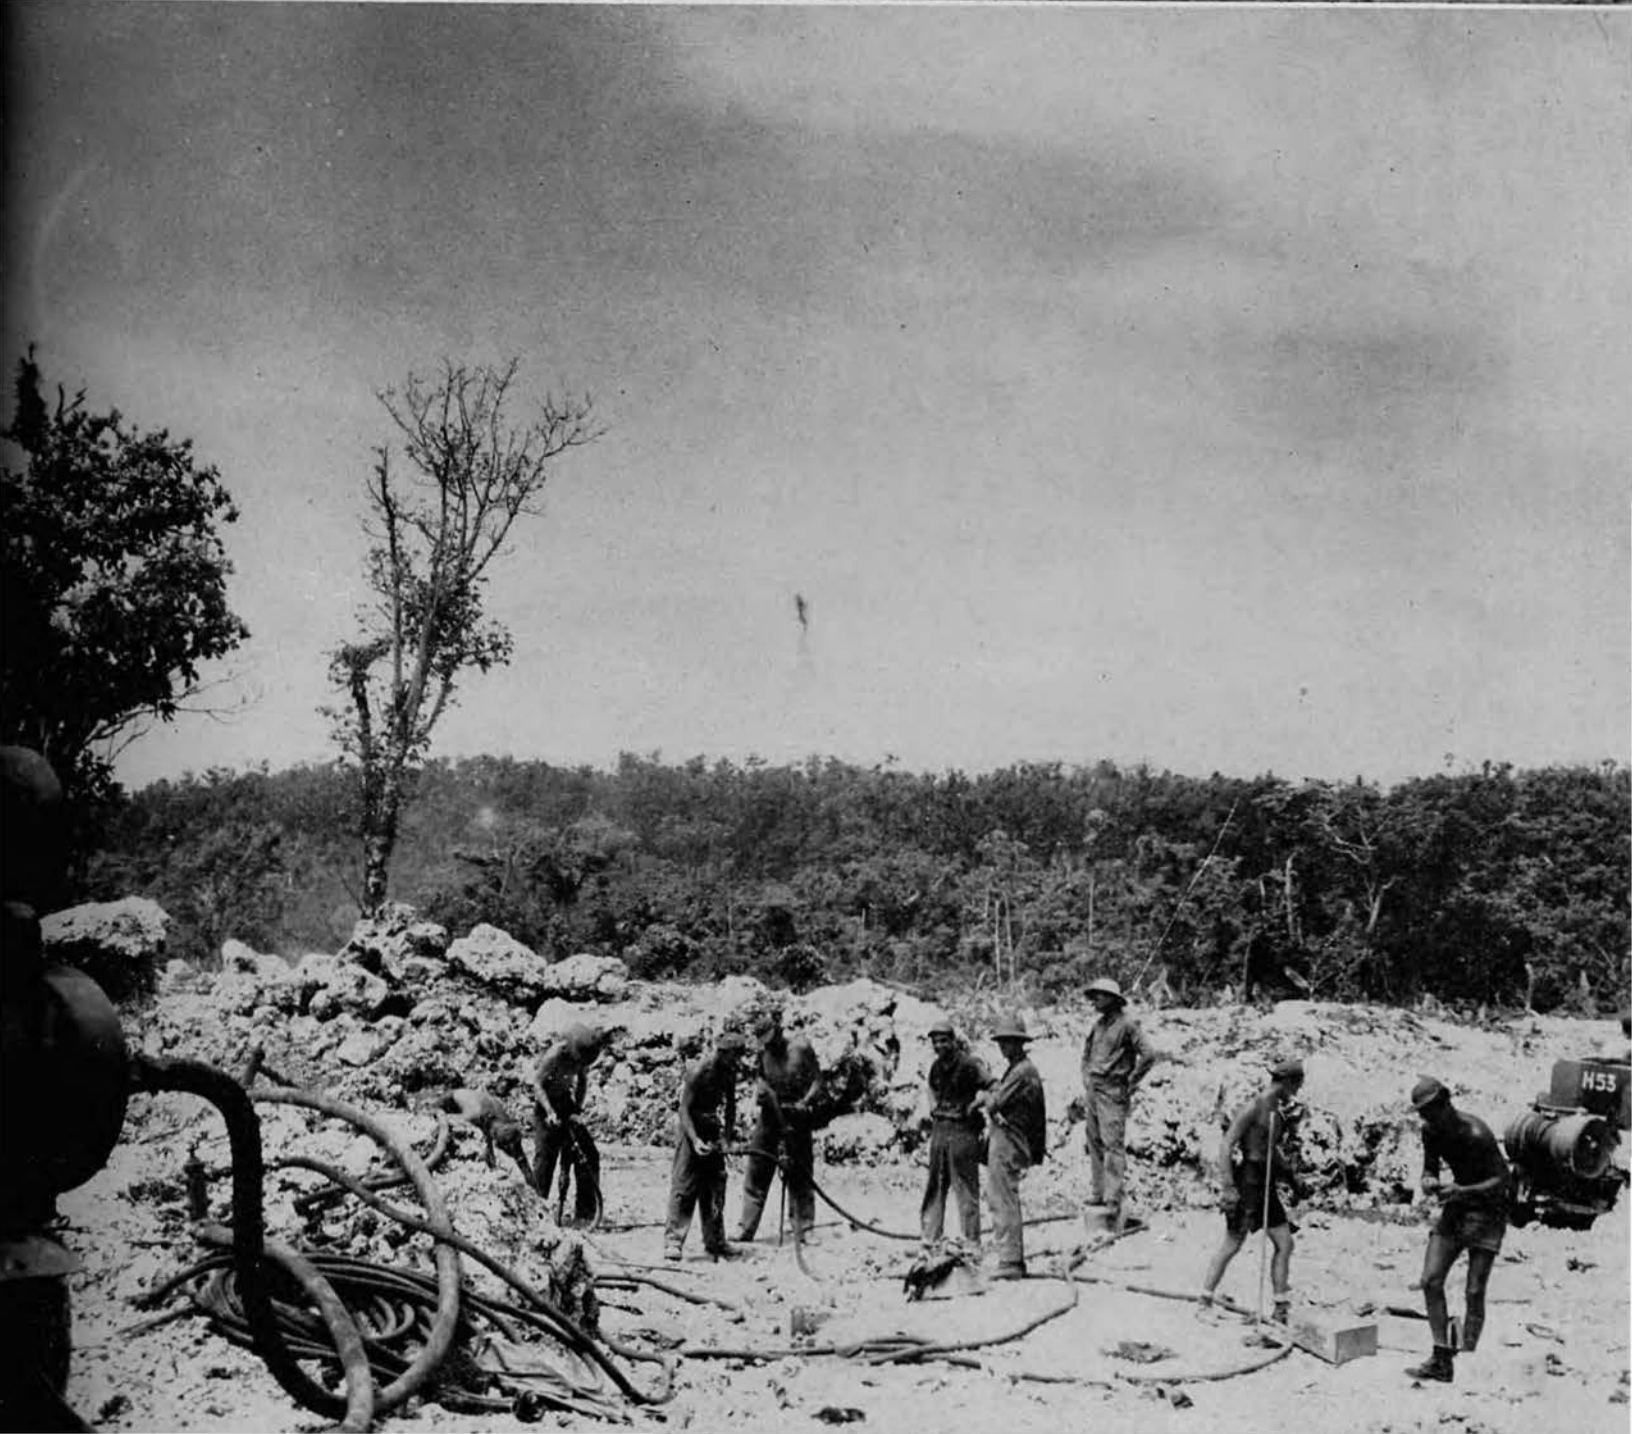

The nerve center was put on the "Can Do" list.

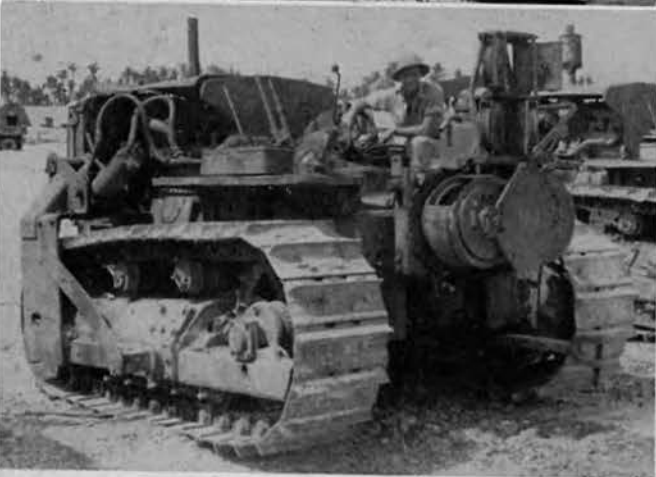

THEN ONE DAY . . .

THEIR CAMP WAS DONE

THEN THE WORK BEGAN...!

Then the work began. From the Leyte Beach head . . . battled scarred Jeep. From an outlying island . . . a crane damaged on a muddy road. Trucks, dock-mules, carryalls, rock crushers, an electric diesel generator damaged by bombers. More trucks, more equipment rolled in. Enlarge the receiving area . . . enlarge it again . . . !

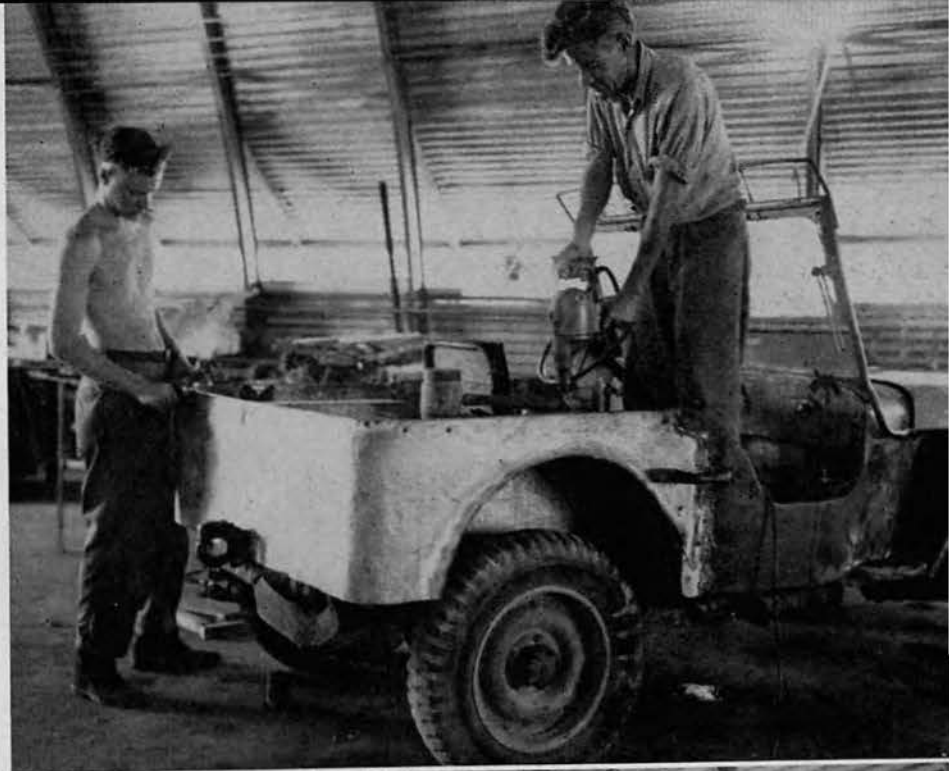

Dismantle, clean, renew, rebuild, test it out. Make it run. Check the tires . . . put in a new section. The boys up front needed the stuff!

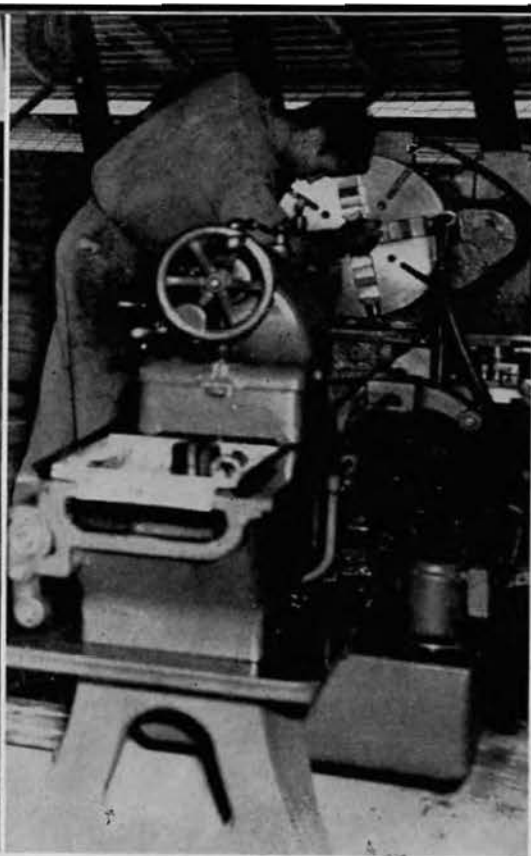

"You can't get parts . . .?" Draw a plan, the machine shop will make one!"

"Make a new body . . . weld on a pipe . . . straighten out the 'dump' body." They were crying for "dumps."

"Need more 'dozers . . . how about that final drive? . . . how about that starting motor?" They were crying for 'dozers.

That's the way it was with everything. They were crying for them. 1067 gave them trucks, dumps and cargos. 1067 gave them 'dozers and graders and cranes and generators.

They tested the motors, turned down new shafts, made new seats.

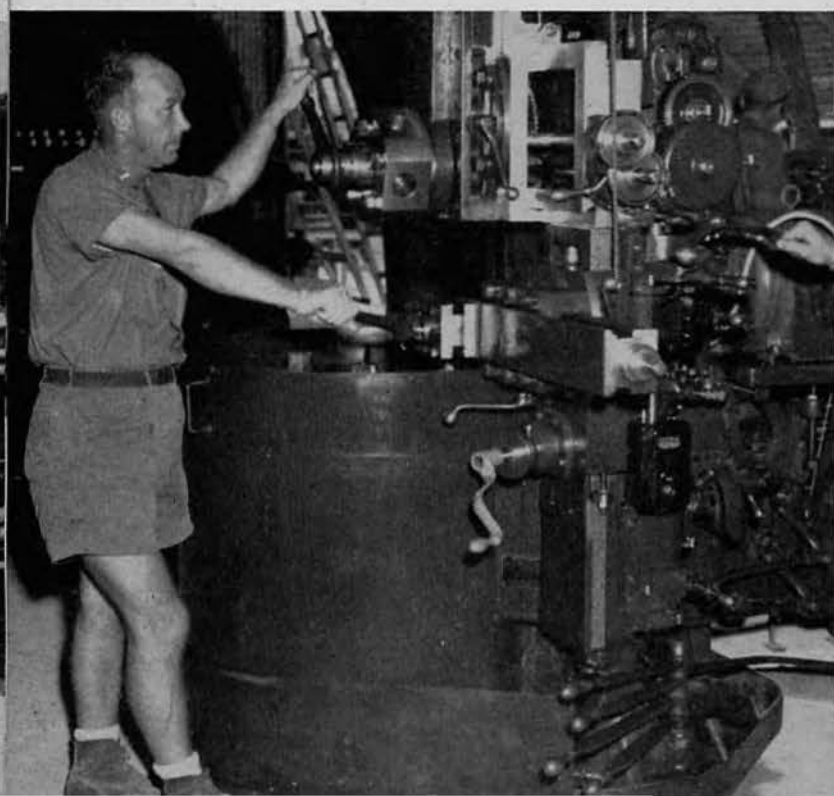

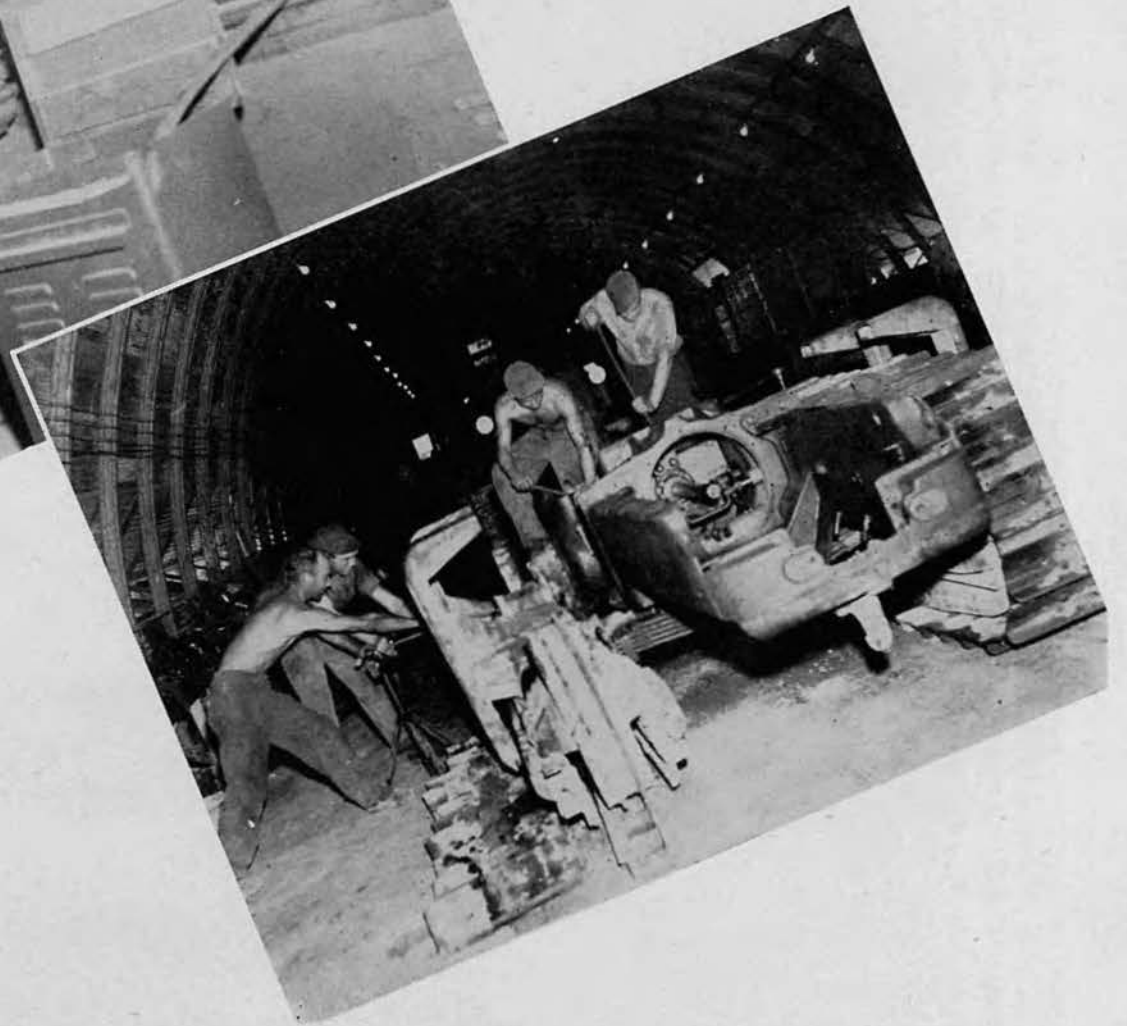

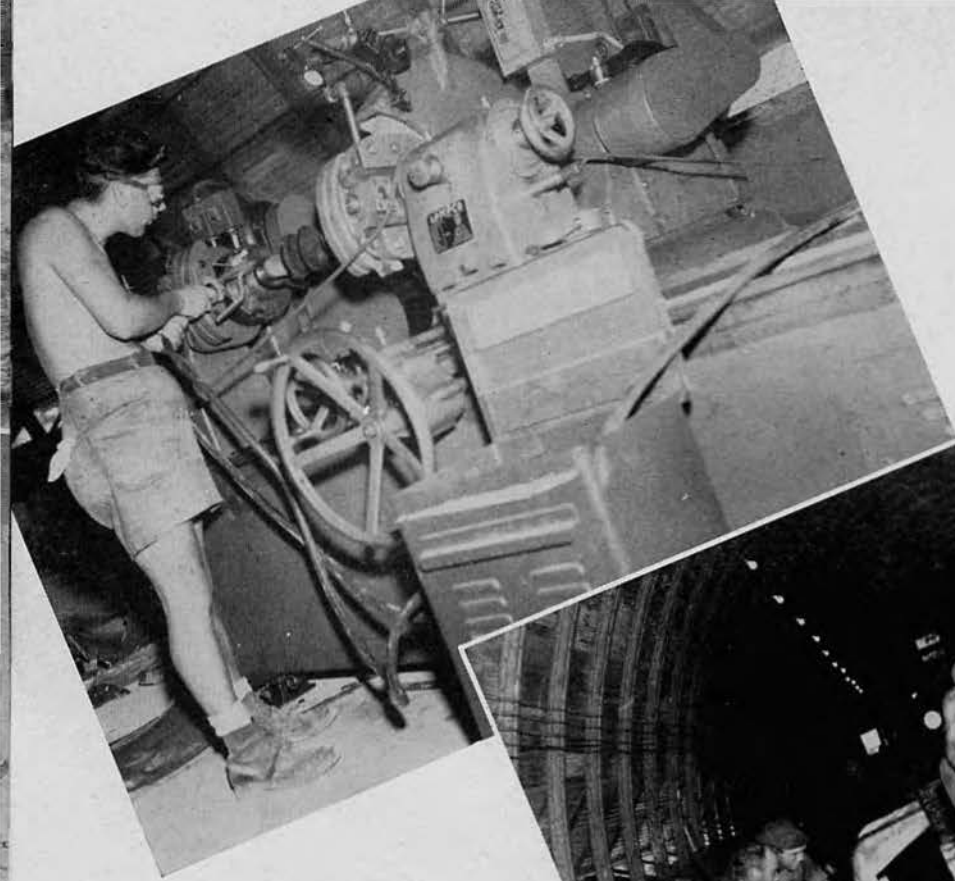

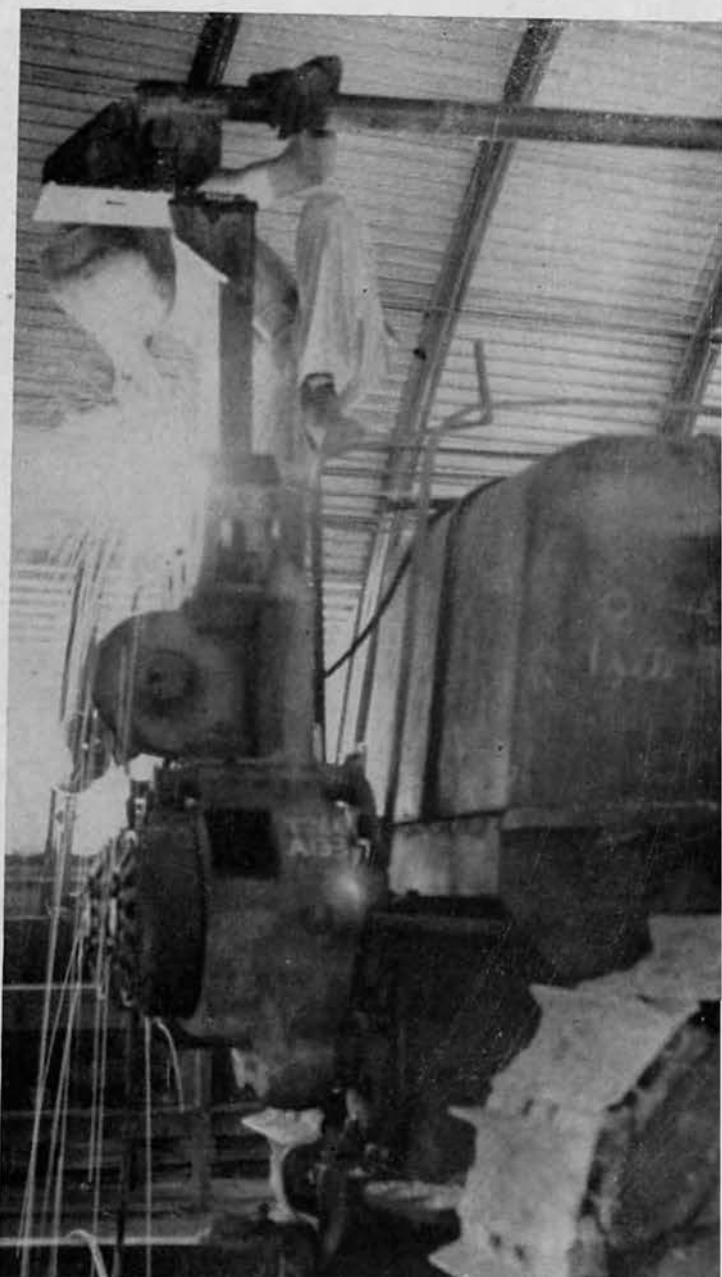

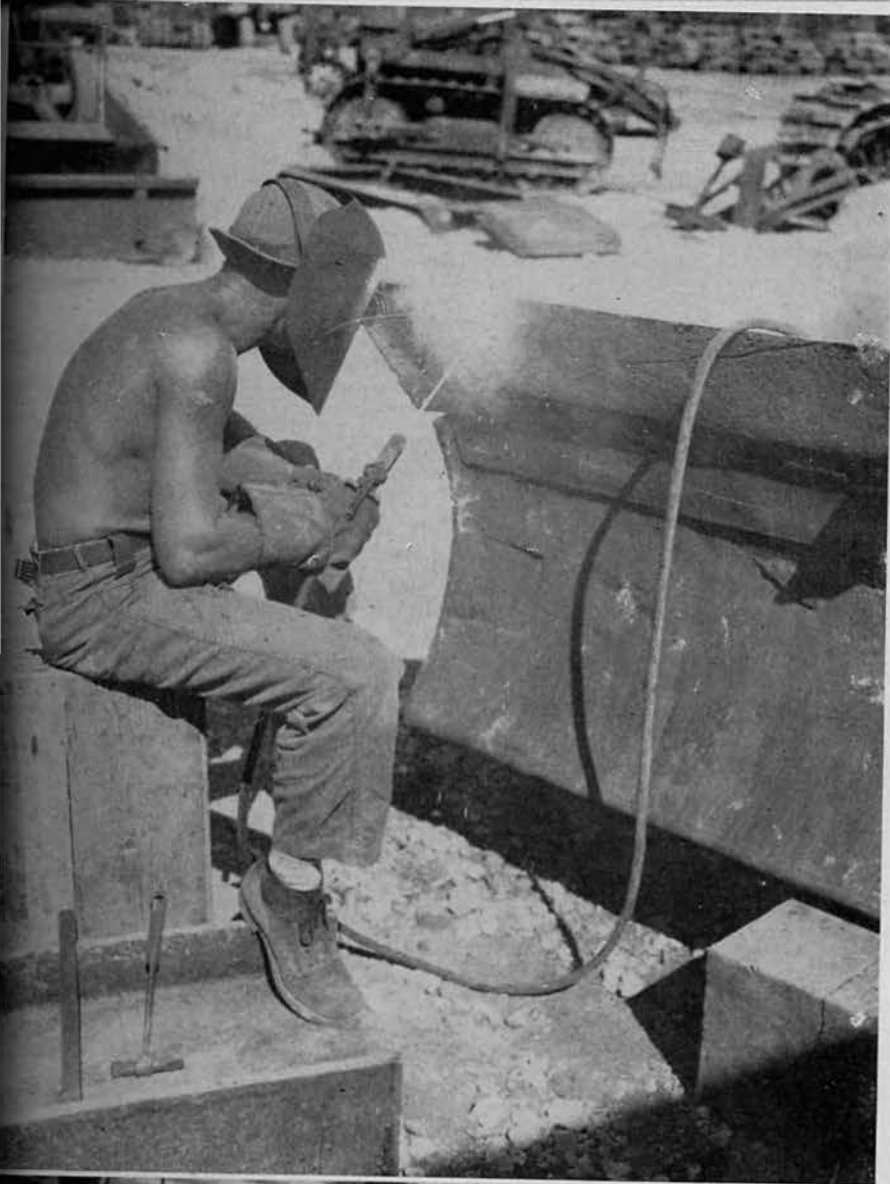

..... Stored the finished repairs

.... Sized up the incoming wrecks

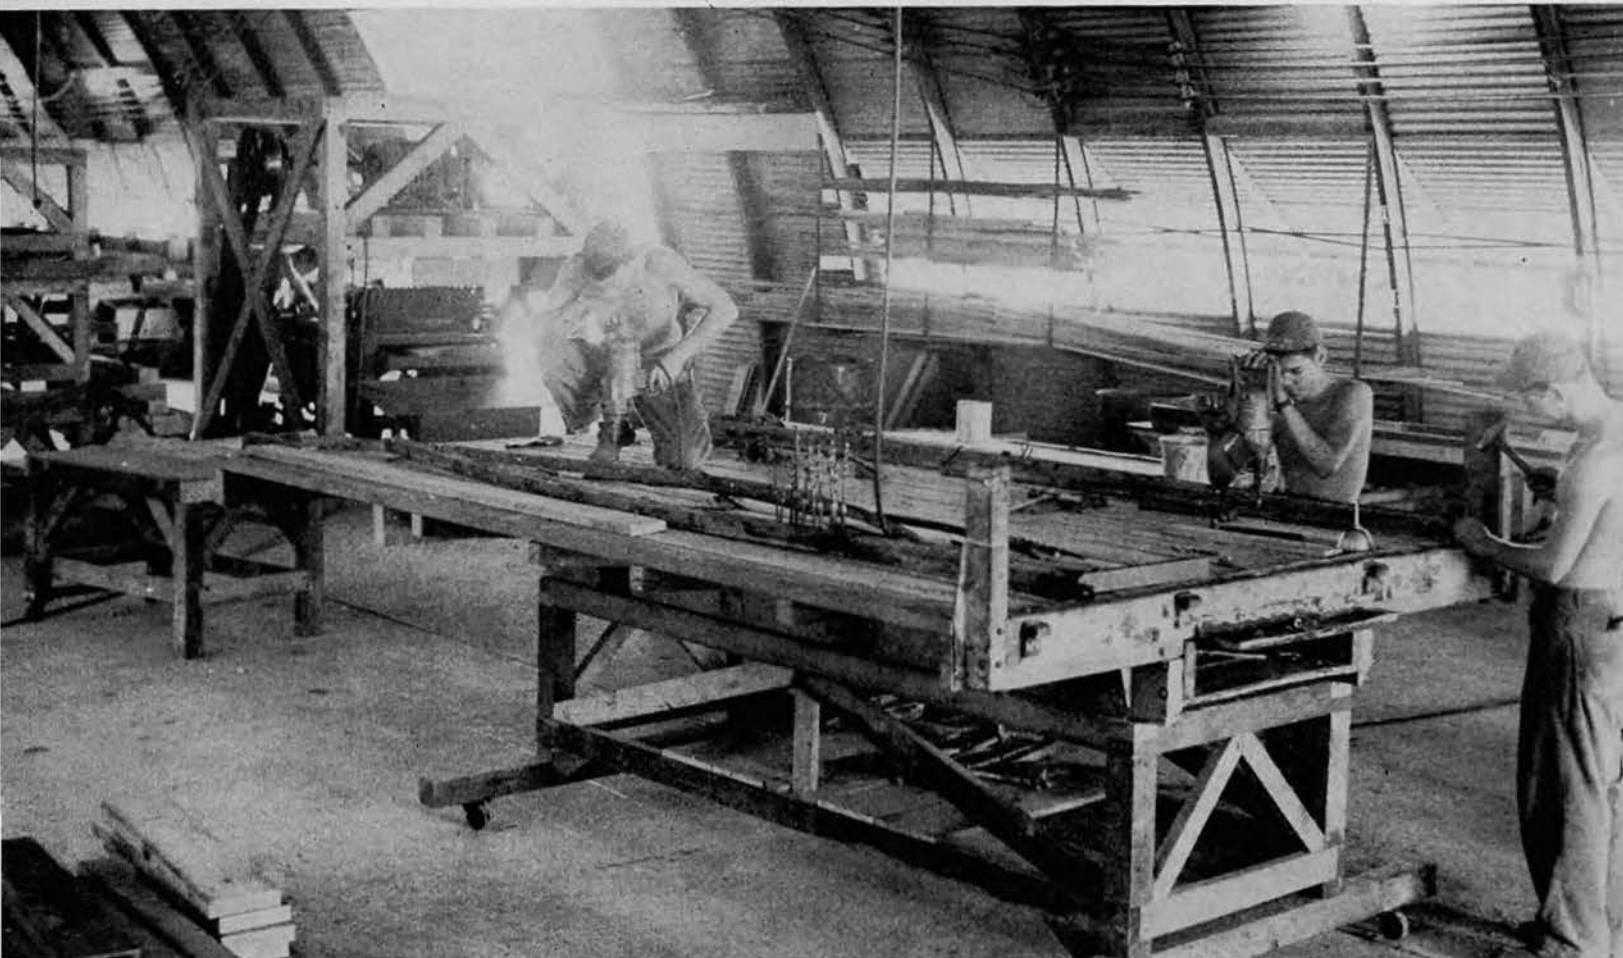

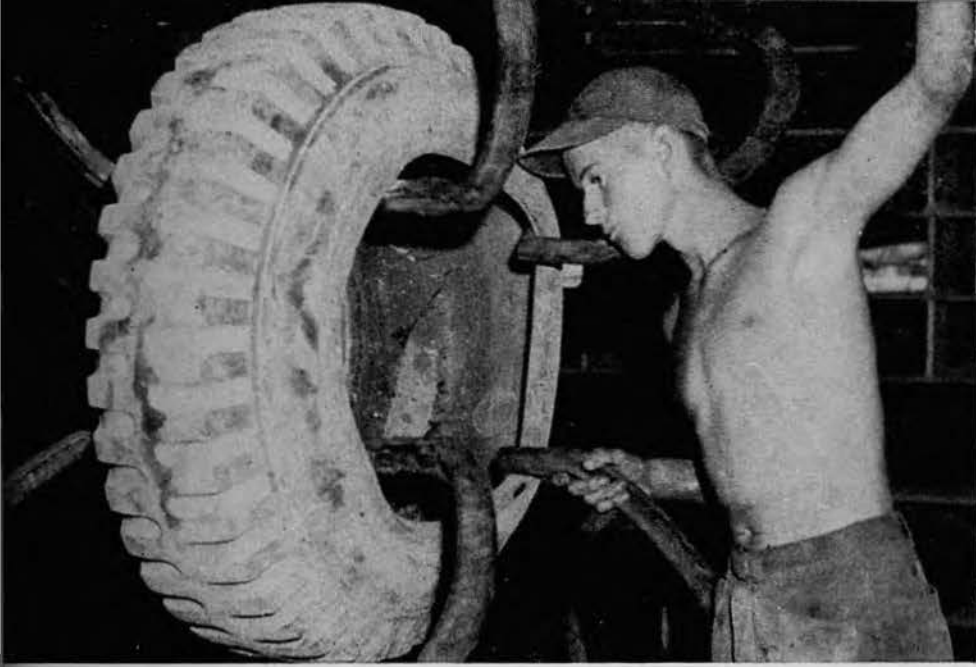

Assembly Line Repairs!

Woodworkers too, made bodies for the chasis.

WOODS PHOTOS

The title 'WOODS PHOTOS' is rendered in a large, stylized font. Each letter is a thick black outline that serves as a frame for a different black and white photograph. The photos depict various scenes of military life in a tropical environment, likely during the Vietnam War. The top row shows a destroyed building, a soldier in a field, a soldier with a rifle, and a group of soldiers. The bottom row shows a group of soldiers posing, a soldier in a trench, a soldier with a tripod-mounted camera, and a pile of rubble.

**‘ ‘ . . . THE JAPS HAVE
SUED FOR PEACE . . . ’ ’**

||

THE WAR WAS OVER . . . TO SOME, THE OLDER VETERANS, A RIDE TO THE STATES TO BE HONORABLY DISCHARGED . . . TO OTHERS, TRANSFER TO OCCUPATION UNITS IN CHINA AND JAPAN.

TO ALL, PEACE HAD COME AT LAST! THE CHILLING BLASTS OF THE ARCTIC, THE STEAMING HEAT OF THE JUNGLES FROM THE NEW HEBRIDES TO THE PHILIPPINES WERE JUST A DULL ACHE OF THE PAST.

TO ALL, A NEW LIFE, FREE OF OPPRESSION AND EVIL LITTLE DICTATORS, LAY AHEAD.

HOW GOOD IT FELT TO LAY ASIDE THE SWORD!
